

Dear Governor Brewer:

As a resident of Arizona, I urge you to veto SB1070/HB2632 -"Immigration; Law Enforcement; Safe Neighborhoods."

This bill would cost Arizona millions to train government employees, incarcerate and prosecute people who have committed administrative violations, and defend against lawsuit payouts that are guaranteed to be filed against the state.

The bill is an unfunded mandate. It applies a one-size-fits-all approach to law enforcement and local governance that takes local decision-making, discretion and flexibility away from local agencies and officials.

We need our Governor and legislature to focus on real priorities that will support business, ensure quality education, and protect the health and wellbeing of all our state's residents. This bill does none of that. We insist that you VETO this bill.
